Final Project

Due Date: 01/28/2018 Sunday

Objective: make a multipage website to express your idea, passion, or business.

Requirements:

❥ Website should have a navbar with links to different pages. (a page does not have to be an html file. a page could be a section within one page. so long as you can click to navigate between your website.)

❥ Website should be media rich (it should contain multiple images, videos as background or inserts.

❥ Website should properly linked to Bootstrap and use the Boostrap content and layout.

❥ Website must be submitted via email, as a zip file containing all of the pages, photos, and css files. my email address: keithsktang@gmail.com

Due Date is 01/28/2018 Sunday before midnight. Any work submitted will be deducted by one grade letter.

No submission is accepted after Feb 4th.
